SECOND BOARD.

No sales. Commercial and Money Matters. TUESDAY, P. M. The sales at the Board to-day were only 225 shares of all descriptions. Rates generally were heavy. Mohawk, Syra-

cuse & Utica, and Bank Commerce, declined ;; Delaware isproved 1. For Harlem, 154 offered, 16 asked; L Island, 454 offered, 491 asked. The sale of State Stocks were small, but at full rates State Sevens and Sixes improved & per cent. For City

Sevens 102 was offered. Moderate business doing in Foreign bills. We quote Sterling 51 a 51; Francs, 5 45. Mobile continues ig good demand, at 12 a 13; Virginia 1 a 14. Central is getting worse at home and the quota

tion here is unsettled. Some of our Bank officers who are rather timid, are getting an unnecessary alarm at the amount of specie draws for shipment South. They can certainly well spare all that will be needed for this purpose. Up to Saturday we believe about \$1,200,000 has been sent; and the New-Or. leans packet of to-morrow takes about \$300,000 additional

A considerable amount has gone to Boston for China. The Bank of Montreal has declared a half yearly dividend of four per cent., payable on the 1st of December. The excess of receipts for toll on the Welland Canal, for September, 1842, was \$13,119 60 over the corresponding

nonth of 1841. At Philadelphia the Banks cannot dispose of their surplus funds; and first rate paper can be readily negotiated in the street at 6 to 8 per cent. This, with the contracted currency of Philadelphia, is an evidence of great inactivity in that city. Specie was plenty and confidence in the Banks

strong. Money at Boston was sufficiently abundant. The offerings at the Banks had increased and long paper thrown out. It could, however, be done in the street at about legal inprest. Business had suddenly fallen off.

The Receivers of the Phenix Bank, Charlestown, have been directed to estimate the bills of the Bank, and the evidences of deposit, alike. These cannot be received now at par in payment of debts due the Bank, but will be received as security for debts, and eventually be received at the same value in payment. The object is to pay all liabilities wholly or if in part, equally.

Letters from Havana state that bills on the Government of the United States were selling at 3 per cent. discount for 30 day bills, while individual 60 day bills were at 2 per cent. At Louisville, fair supply of New-York Exchange at 12

At St. Louis City, money had fallen to 40 per cent. discount, at which there was a demand, for investment in Bonds of the City.

The immense sacrifices of property which are almost daily taking place in Middle Tennessee, are truly heart-sickening to those who have a just commisseration for the suffering of a Loco-Focoed people. We will mention, by way of example, that on Saturday last, eleven large, likely mules, two new wagons, costing \$150 apiece, and a negro man, middle aged and likely, were sold in Franklin at Sheriff's sale, and in the aggregate brought but \$500. The poor rained victim of such a murderous operation is a hard working, sober, respectable mechanic.

Itappears by the State Register that the State of Illinois is indebted to the State Bank upward of \$290,000.

Markets-Carefully reported for The Tribune. IT The storm of to-day has prevented operations in our staples, and we have very little to report.

ASHES-The sales to-day and yesterday have been about 100 bbls. Pots, at \$5 50. To-day about 40 bbls. Pearls have been taken, at \$5 874. The demand is very limited from shippers, and the market is heavy. No bills out to-COTTON-Yesterday about 500 bales were sold, at

prices not firm. To-day there is very little doing. The stock is estimated at 10,000 bales. The arrivals are now nearly all of new crop. We quote Upland 6 a 81 cents; fair, 8 a 84; New-Orieans, 6 a 104; fair, 84 a 9; Mobile, 6 a 10; fair, 81 a 9. FLOUR-We hear of no sales to-day of any importance.

The market remains nominally, as quoted yesterday. The mock affoat is not very large. We quote the market firm. but inactive, at \$4 25 for Genesee, Ohio and Michigan, and we believe there is some to be had less. Round Obio we quote \$4 183 a \$4 25. A small sale of Troy was made at \$4 185. In Southern we only hear of 300 bbls. Alexandria, on private terms. We quote Georgetown \$4 62\frac{1}{2}; Brandy-wine, \$4.75 a \$4.87\frac{1}{2}; Richmond City, \$5.75; Richmond Country, \$4 50; Alexandria and Petersburg. \$4 50; Falls is \$3.12}, and rather dull. Corn Meal, \$2 814 a \$2 874, with sales few hundred bbls. Jersey; Brandywine, hhds., \$13 25, cash, \$1375, 4 mos.; bbls., \$3. Buckwheat Flour, \$2 50 a \$2624. At Albany the rates were \$4 124 a \$4 132 The receipts had been very large, especially for shipment to Boston. One house forwarded during the week to Boston over 11,000 bbls.

GRAIN-We notice sales sabout 2,000 bushels Illinois Wheat, for milling, at 83 a 87 cents, part inferior. In Corn we only hear of 1,700 bushels Northern, at 57 cents, meamre, and 1,000 do. Jersey, at 54 cents, weight. Two or three cargoes Southern are in market-last sale, 49 cents, measure. A lot of inferior Barley, 2,300 bushels, sold from store at 46 cents, for Philadelphia. The parcel of Rye quoted yesterday at 604 cents, was sold at 61 cents. It is offered, to arrive, at 62 cents. Oats are without change, 24a 27 cents. Shorts, 54 a 6 cents; ship stuffs, 84 a 9 cents, and dull. The receipts of Wheat at Buffalo for the week ending 20th, were 125,000 bushels. At Albany about 70,000 bushels Barley has been received during the week, and prices were depressed. The que tations were, two rowed, 45 a 48 cents; four rowed, 50 a 55 cents.

FRUIT-At Boston the following auction sale of fresh Maiaga Fruit was had. It was the cargo of the Silenus, the first arrival of the season. Raisins-Malaga, blue mark, 500 casks advertised, 20 sold, \$5 50; 200 half do. advertised, 20 sold, at 280; 150 qr. do., 20 sold, 1 45 each; black mark, 315 casks, 115 sold, \$5; 100 haif do., 2 50; 66 qr. do. 1 26 each; bunch, 3,630 boxes advertised, 1,000 sold, \$2 a 205; 1,340 balf do., 850 sold, \$1 a 1 05; 1,060 qr. do. 51 a 51} cents each. Grapes-50 kegs advertised, 10 sold, 4 15; 50 balf do., 2 50: 50 qr. do. 127 a 1 50 each. Almonds-Soft shelled, 168 frails, 10 sold, 11 cents per lb., ss. The above part of the Silenus's cargo, Geo. Loring's brand, quality fair, but fruit smal .-

PROVISIONS-There is no activity in Beef or Pork. A small sale of new Prime Beef was made at \$3.50. New Mess is worth \$7 a \$7.25. Ohio Pork, \$5.57\frac{1}{2} a \$5.50 and \$8 50. A sale of 700 kegs Lard was reported at 71; Butter and Cheese continue heavy. The market has been cleared of the lower qualities of Butter-there is little or none to be had below 7 cents. Cheese, 54 a 64. About 10,000 lbs. were taken to-day for export.

TALLOW-We notice a sale of about 35,000 lbs., to ar rive from Boston, at 81 cents.

D Professor Buchholiz's Compound Syrp of Capilaria.—This invaluable medicine is presented to the American public as the test remedy yet discovered for Consumption, Liver Complaint, Chronic, Congh, Colds, Hoarseness, and all Pulmonary Affections.—It was invented by Dr Buchholtz, of Germany, Professor of Medicine and Chemistry in the University of Erfurth, Prusta, who received a reward of one thousand pounds from the King of Prussia, as an expression of his confidence in its merits with the exclusive right to prepare and sell it in his merits, with the exclusive right to prepare and sell it in his lingdom. The public can have the fullest confidence in this heise the selection of the public can have the fullest confidence in this being the original preparation, as the proprietor ob-buned the recipe from a nephew of the inventor, (a German physician of the same name,) who has given his affidavit physician of the same name,) who has given his athdavit that it is the same article. This medicine is purely vegetable and entirely free from merphine or opiam, which forms the basis of nearly all the cough remedies now in use, and contains no ingredient that can possibly injure the most delicate constitution. It operates directly upon the lungs and liver, when first takes sometimes produces sickness at the stomach and increases the disposition to cough, but this is attended with less pain and easy expectoration. It removes the ulcerated and unhealthy parts of the lungs, entirely eradicates the disease, and restores the system to health.

The fact is admitted by most physicians that persons may live and enjoy health with but a portion of the lungs remaining, which proves conclusively that diseased lungs can be cured—it is the design of this remedy to procure this result—and if taken according to the directions and in the early stages of the disease, such will be its effects.

directions and in the early stages of the disease, such wind be its effects.

There are thousands of persons who are taught from their youth that they inherit consumption and that an early grave must inevitably be their portion. To such we would say, with the fullest assurance of the truth, that this is a remedy exactly suited to their case, and by its timely use the disease may be checked and entirely removed. This medicine is entitled to the confidence of the community from the fact of its favorable notice in Europe, and the high standing of the inventor. We do not wish to exaggerate the virtues of this article to induce people to purchase it, but are willing to let it rest upon its own superior merits, and would beg the public not to class it among the medical humburs of the day. Prepared only in America by R. E. DIBBLE, New York. Horace Everett, 367 Greenwich street, is sole agent.

Covert's notice in your paper this (Tuesday) morning is calculated to leave a wrong impression upon the minds of those who may read it. I therefore propose to ask him (Mr. Covert) through your paper the following questions: (Mr. Covert) through your paper the following questions: Had he ever obtained permission to hold a concert in said Church? Had any other individual obtained consent for him? If so, of whom? Had he ever notified any individual attached to such Church that he intended to give a concert in that house? Had any incividual done so for him? If so, name him. What right had he to expect the house would be opened for him, or that he should have a notice that it would not be? I was present myself on Monday evening, 17th inst., and heard the President give notice that the Columbian Society would not hold their regular meetevening, 17th inst., and heard the President give route that the Columbian Society would not hold their regular meeting on the 24th instant, but gave no notice at that time that Mr. Covert would hold a concert there on that evening. Does Mr. Covert expect t at any individual who can sing a song has a right to give notice in The Organ that he will give a temperance concert in the Church corner of Chryste and Delancy streets, and that the Trustees of said Church are bound to examine the papers for such notice, and light in the house for their accomposition? I assure and light up the house for their accommodation? I assure the public that the only notice gives to the Trustees, or any individual member of them, was a report from the col-ored person having charge of the house, that a young lady told her on Thursday last there was to be a concert in the Church on Monday evening, for the benefit of a man in Brooklyn. If the President or any individual member of the Columbian Temperance Society gave Mr. Covert per-mission to hold his concert in the Church, will they please state what right they had to do so without informing the Trustees of the fact? and if they did take that liberty, what right they had to expect the bouse lighted without giving notice in due time to have it prepared? A TRUSTEE.

N. B. Mr. Covert's statement that notice was given in the hearing of the T ustees that such a concert would take place, is entirely without foundation; and when the Trustees did accidentally hear of it, a letter was immediately put in the office directed to P. B. Manchester, No. 211 Third

Claiming the distinction of having been the first to project and abide by a strictly mate and manners, he rejoices to perceive that others have seen fit to follow his lead, and that now the following of European Fashions in Hats is almost entirely abandoned by

He offers a Winter style of Gentlemen's Nutria Hats at \$3 50, and warrants them equal in material, finish, fashion and durability to any Hat sold as low as \$4 in the city. But he wishes it distinctly understood that his best Hats are not sold at this price, but at \$4.50. These he recommends as equal to any hat sold in New-York at \$5 or under, and challenges for them a comparison with any other.

Gentlemen visiting our city are respectfully invited to call and examine kis new stock of Winter hats and judge of

In strict accordance with the true principles of economy, the subscriber has introduced for the economist a beautiful, fine finished, Fur Hat at the low price of \$4, which he unhesitatingly affirms is equal to those sold in more expensive parts of the city at \$4 50 and \$5. Persons who have been in the habit of paying the latter prices for their Hats can now furnish themselves with an article equal in every re-spect for the sum of four dollars. To those who wish a low priced Hat he offers a fine, finished, substantial article of Fur Hats at \$3, equal to those sold for \$3.50, or even the famous \$3.62\frac{1}{2}\$ Hat. Also, a complete assortment of Silk Hats, at extremely low prices, old Im CONANT, 280 Grand-street.

To Fur Hats at 83 50.—The subscriber having had a number of applications for a FUR HAT, combining the qualities of beauty and durability, at a reduced price, has made arrangements with his manufacturers by which he will be enabled, on Wednesday next, Oct. 12th, to offer to his numerous customers, and the public generally, an article which, for fineness of material and beauty of finish, he feels confident will be equal, if not superior, to 1 my thing of the same description that has, as yet, been offered. The subscriber will not insult an intelligent public by saying, in the language of an advertiser who claims to regulate (2) the the language of an advertiser who claims to regulate (?) the fashions, that the article now offered is the same as that formerly sold for six and even seven dollars; still, he has no hesitation in asserting that it is worth at least twelve and a half per cent more than the price asked. He is also pre-pared to sell a CASSIMERE HAT of superior quality at the same price, for which, together with an assortment of Satin Beaver, Moleskin, and extra fine Fur Hats, he solicits

a share of public patronage. old im S. WINTERTON, 166 Canal-st., N. Y. Fall Fashion Hats now ready-Watson' Silk Hats, only \$2.50, are recommended to the public not only for economy but as possessing all the elegance of con-tour of the most costly; combining utility with beauty; this article cannot fail to commend itself to the connoisseur as well as economist. Also, Moleskin Hats, at \$3.00; Beavers at \$4.50; Cassimere and Nutria Hats, at \$3.50 each; these are his standard prices, and he need only remark that by confining himself to one quality and price for each description of hats, he is enabled to furnish a superior article at prices far below those at which Hats of the same description are now vending by other manufacturers.

A steady and permanent increase of patronage for the last 7 years is a sufficient indication of public judgement, and constitutes the best test of their merits.

maption, Rheumatism and Dyspepsia cured without the trouble and expense of emigrating South during the winter to a West India climate.

Dr. John Thomson, 343 Broome-street, two doors from the Bowery, has discovered, by a long course of successful treatment, that these formidable complaints can be cured at the North during the winter, without the trouble of emigrating South. By calling at the office, those afflicted as above can receive the most satisfactory englantings and we can receive the most satisfactory explanations and abundance of reference as to the salety and success of the plan adopted. Bleeding at the Lungs stopped instanter and the cough removed in a short time by this plan. Call at the office and see the patients now under treatment; an interview will be most satisfactory to the enquirer, and will cost nothing. One visit will be made grain by the Docen, within the bounds of the City, to any patient that may wish an explanation of the safety and success of his treatment, if the patient is not able to call at the office. Highly complimentary letters to the Doctor may be seen at the office from the Kings of France and Prussia; also, a massive gold medal from Louis Philippe. cost nothing. short report of recent cures performed at 343 Broome-street, by Doctor John Themson. New York, Oct. 24th, 1842—This may certify that I have been troubled for NINE YEARS

This may certify that I have been troubled for NIRE YEARS with the liver complaint, dyspepsia, and general debility through my whole nervous system, with many weakly complaints peculiar to females during which time I have been a great sufferer, both in body and mind. I have emplayed four different physicians without any lasting benefit. I called upon Doctor Thomson last week and have since followed his directions rigidly, and my improvement has been so sudden and rapid that I now feel better than I have before is two years. I believe from the evidence I have seen at the Doctor's office of the success of his practice since he came to this city, two months and a half, no one would regret the time and trouble after having paid him a would regret the time and trouble after having paid him a visit. Daniel O'Neill, of Cold Springs, says in his statement dated Oct. 22, that he had been afflicted for the past three months with the rheumatism, weakness of the stomack and months with the rheumatism, weakness of the stomach and general debility to that degree that he had done but two weeks work in the time. He employed three physicians without any benefit. That he called upon Dr. Thomson and in four days placed him in better health than he had enjoyed before in three months. See his certificate at the office. James Gage of Cold Springs, testifies by Daniel Molyneaux that he had been in niscrable health for the last three years—that he had been attended by several physicians and found no relief—that he called upon Doctor Thomson on the 9th of October and staid until the 15th, six days, when he returned home. On the 21st he sent word to Dr. when he returned home. On the 21st he sent word to Dr.
T. that he had that day dug 14 bushels of potatoes, and should go to work in the Furnace on Monday the 24th. See his certificate by Daniel Molyneux, dated Oct. 22d.
The lady of the Rev. Wm. Nanscawen, of New Utrecht, Kings county, L.
